

repositionTo

```
graph LR; A[repositionTo] --> B[vvec::static_vector::size]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'repositionTo'. The right box is white and contains the text 'vvec::static_vector' on the top line and '::size' on the bottom line. A blue arrow points from the right side of the gray box to the left side of the white box.
